

~~WIPPERMAN~~ CHARLIE

7-29

What's your destination - as usual i never know  
What direction are you heading - up -

~~when you landed~~

you took off amidst the cries of 'foal'  
and paris caught you in a pool of flashbulbs -  
cooleidge shipped you back home and  
soon you found that it could never be  
your home

because of  
something that you did for you the people ~~saw~~ how  
~~they want~~ and they claimed you -

LUCY LOUIS LIBERATED you when you saw ireland  
off the wing - INDIRECTLY SHACKLED you when you  
came home a hero - and you belonged to the  
world - but the trip that set your soul free  
jailed your body

charlie -  
what could this interaction teach you  
and then they took your first born

from the sky  
frees turned to bushes  
and barns turned to toys ~~from the sky~~  
these are your words charlie  
this is your liberation

and when you reached the town that made you wild
