COMPLICIT *flag* *sewn*

figured out how to work it
the ~~game~~ is already ~~thrown~~
bearing down a mean rope
but im steady

G^m F G^m B^b F
G^m F G^m B^b C D C

across september i took it
but we are never alone
turning over a new leaf
but it's heavy

and this time
i'm not gonna let them kick you down

steps away from a lake
we've never been to together
i just can't calculate- (oh)
the moves i make cannot compare
to your delicious disses
(don't you lie:)
you are complicit in these kisses

hot souls
wrapped in little machines
we're a hot mess collette
if you feel what i mean

~~dragged down~~ *dogged down*
in the city of means
getting the best of you
and it's killing me

but this time
im not gonna let you kick me down

steps away from a lake
we've never been to together
i just can't calculate- (oh)
the moves i make cannot compare
to your delicious disses
(don't you lie:)
you are complicit...

so tonight we're chasing vices
you the white and me well you
so tonight i'm taking license
to be all over you
