i dont want to. my first thought is that i
(as me) could never, but i think that
you may need to, to make connections like
that work. the hobnob and mingle. whats
the fancy word for it? oh, yeah - "networking"
HAH! there is something unbearably magic
about going out with billy idols ex to a big
music producer's house, (and, in retrospect, me
a best-selling author) throughout all this writing.
