

**NOBODY GOES TO HELL**

VI

you were scoundrel number one  
and i hated you  
nailed down in early life  
you live you learn to sacrifice

but in flames you already lived  
finding innocents to do  
your dirty work for you  
you had chances but no choices

~~if even there was anybody to go  
it would have been you but...~~

C

nobody goes to hell  
because the lessons learned were, well...  
the die was cast eons ago  
nobody goes to hell

if it were anybody, it'd be you  
~~lessons learned on the fly~~

VZ

you were scoundrel number one  
but I loved you still  
because the day you cried  
I saw the little boy inside

~~they said to share a memory  
but I couldn't raise my hand  
because all of the memories  
I had of you were bad~~

well the shell tough as hell to protect you  
~~crushed~~ you in the end  
i'm trying to ~~call~~ some kind of lesson  
trying to find the friend

crushing

remember the girl you dragged down  
when you almost drowned?  
well she's probably not pissed anymore  
because she's not here anymore

C

beat down in childhood  
the only language you ever knew  
found innocents to do your dirty work for you  
the end was the beginning for you  
and now you're off being famous somewhere
