

PataNoir

recognize the darkened swirl
with a finger track it
veteran of the metaworlds
it's time again to crack it

here you are
PataNoir...

grab the wheel and hunker down
hear the scream within a scream
find the drop and dive on down
through the dream within a dream

roads lead to a different route
rocks may fall and knock you out
have a clue? give a shout
of Lisa's last known whereabouts

here you are
PataNoir...

grab the wheel and hunker down
hear the scream within a scream
find the drop and dive on down
through the dream within a dream

and learn how to work your cocoon
and soon
the butterfly club welcomes you

grab the wheel and hunker down
hear the scream within a scream
find the drop and dive on down
through the dream within a dream
