29/41 EAST

DONT MIND THE ROADKILL  
WITH THE SPIRAL T.V. EYES  
DONT WORRY BABY  
THEYVE BEEN DEAD FOR A LONG TIME  
STILL TO LOCK THE DOORS

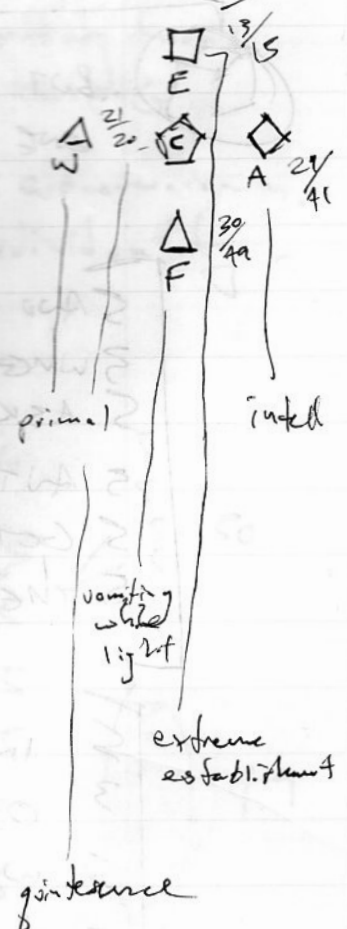

SEE BACK IN THE DAYS  
WHEN HOLIDAYS REVOLVED ROUND  
CARTOON CHARACTERS  
WITH A CAPITALIST FLAIR  
THATS WHAT KIDS BECAME  
TO WRITE THE CLICKING HANDLES  
SOUND JUST LIKE THE RAIN

SCRAPS OF STANDARD OIL  
MAKE A KIND OF NEW DESIGN  
JUST PUT IN CASSETTES  
WHEN THE A.P. READS ALL WRONG  
LIGHT A SMOKE AND DIE

LISTENING TO JAZZ  
WITH THE WINDSHIELD WIPERS ON  
AND IT DAWNS ON ME  
WERE JUST SNOWANGELS BABY  
ANGELS IN THE GLOW  
ITS NUCLEAR WINTERTIME  
AND WERE SNOW ANGELS

whats inside the mind of roadkill?  
diffidence → <sup>thruly wild</sup> rebellion → make  
south pole roadkill <sup>intrinsically</sup> same as north pole  
conformists, who rebel against badness -  
dichotomy of n/s

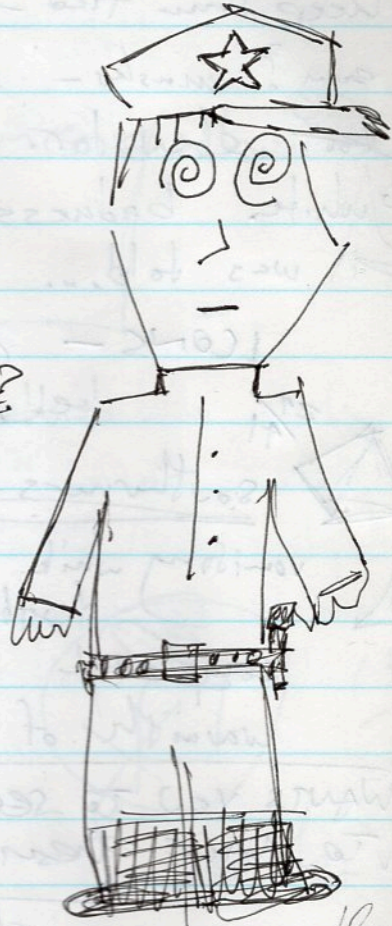

EAST (E) reconciles N/S opposites -  
hence escaping "apocalypse"  
... O should be also involved in "view" structure  
n and s perspective must be 1st person  
nonjudgemental -

<sup>C</sup> don't <sup>7</sup> and the roadkill  
with the spiral t.v. eyes  
<sup>C</sup> don't, worry <sup>7</sup> baby  
they've been dead for a long time  
still id lock the doors

see back in the days  
when holidays revolved around  
cartoon deparators  
with a capitalist flair  
that's what kids became  
to note the clicking handles  
sound just like the rain.

<sup>FAT</sup> the scraps of standard oil  
make a kind of new design <sup>AS</sup>  
<sup>(A-G-)</sup> <sup>FAT</sup> just slip in cassettes  
when the A.P. reads all wrong <sup>EM</sup>  
light a smoke and drive <sup>DONT</sup>

doc that Hancock signed  
is a testament of time  
don't let light get lost  
when the elements are gone  
blinded by the right

listening to jazz  
with the windshield wipers on  
and it dawns on me

every mother knows  
that the key of life thus goes:  
elasticity.
