

SURROW

WAIT 4 BARS TO ENTER

[111]

[1] Don't tell me you don't know
About ~~tearin'~~ up my day
because you do it oh so well
and then you change your mind and stay

[11] (I) Suppose you're convinced that I was just another
Vincent or Bob or Jack or Bruce or Joe or Tom
or Nick or Pete or Al

~~And I was just another name
on a list of names
that you had to remember
and I was just another name
on a list of names
that you had to remember~~

~~"I was just another name
on a list of names
that you had to remember"~~

They're all the same

- CHORUS -

And Surrow was her name

[Surrow]

And Pain was here claim to fame

~~Surrow~~

Look out here she comes again

Resire of doomed men

[LEAVE OUT → BARS]

Last

[111]

But now she's gone away
 Some other suckers shrink bills
 some other suckers Hard Earned Pay
 I wonder if we'll meet again
 I wonder what she'd say
 But it'll never happen
 never never

Went to the part-a and saw
 the old headache looked better
 than ever forgot about never

She wanted to touch ~~the~~ the dress
 was to much so she pulled the
 ol' number and ruined my slumber

Next morning ~~the~~ ^{if} morning I woke
 up forgot we had broke up
 so I fixed her some aaaaahs

These aren't Poached !!
